COZY COTTAGE
on the river

But first - coffee

It wouldn't be a true PNW morning on the riverside without a cozy cup of joe. Here are some ways to get your morning started:

1. Espresso - Grind your own beans, and press your own espresso from Breville Espresso machine.
2. Nespresso - We have that too!
3. Drip coffee - Filters are located in the cupboard above the Keurig. Please utilize bean grinder located to the left of the sink.
4. French Press - Glass french press, bean grinder and kettle located in a tray to the left of the sink.
5. Pour Over - Ceramic pour over set and filters located in cupboard above the Espresso.
6. Keurig - Medium roast coffee pods can be found in the cupboard above the appliance. Just make sure the appliance has enough water for use.

- Tea - Caffeinated and herbal options located in the cabinet above Keurig.

Top it off with dairy creamer in fridge. For some sweetness enjoy honey, granulated cane sugar or syrup (Vanilla, Salted Caramel and Mocha)

Let's get cooking!

- We have a variety of appliances and cookware for your convenience: a crockpot and rice cooker are in the cabinet to the left of dish washer.
- Pots, pans, cooking utensils, measuring cups and more will be in the lower cupboards and drawers to the right of the stove. Extra cutting boards are located in the small cupboard above the microwave.
- Left overs? The bottom drawer to the left of the fridge has Tupperware and ziplock bags.

Let's order out

- The drawer to the left of the dishwasher contains a stack of menus from our favorite local eateries - enjoy!

bon apetit!

COZY COTTAGE
