Stay twice within one calendar year (365 days) or refer someone who stays (see “referred by partner described below) and we double the offer on your second stay - about \$2000 for Private Paradise Cozumel or Costa Rica stays and \$1000 on average for stays completed at our USA properties.

“Referred-by” Rewards program

If you refer someone who books a Slopes to Sands Dream Home as the group leader, then you also earn a 5% booking partner rebate check on your next booking - about \$1000 on Avg. for Private Paradise Cozumel or Costa Rica stays and \$500 on average for stays completed at our USA properties. The referred guest must be a new guest, meaning they have never stayed at a Slopes to Sands property and state at the time of booking that they were “referred by _____”. We will send you an email with your “referred by” credit for you to retain and present at the time of making your next booking .

Designed To Individually and Confidentially Reward Our Group Leaders

Return-Guest and “Referred-By” rewards are stackable and combinable and are sent out to the group leader confidentially in a rebate check so they can use these to reduce or eliminate the cost of their own portion when sharing the rental of our Dream Vacation Homes with future groups.
