

WELCOME TO GULF SHORES

Your vacation guide!

ABOUT US

Welcome to Gulf Shores!

We are Christine and Stephen Duffley. We fell in love with this area four years ago when we decided to offer vacation rentals. Our passion is serving you. My husband says "I'll never retire", why? Because he enjoys creating unique spaces and maintaining them! When he's not trouble-shooting a construction issue on the phone with a friend, fixing something or enjoying a good book, he's taking care of the blueberries. Me? I'm along for the ride. I am passionate about my family (five adult children now), serving others in ministry and spending these later years in life taking care of our homes. Our homes are your homes, to relax and make memories you can look back on and smile. It's a pleasure to meet you!

Enjoy this free guide, and if we can help you with an amazing place to stay, we are here!
