OUR STORY

A home built for real stays, not just nights away.

WHY WE'RE HERE

Stay In Sammamish began with a simple idea: group travel and extended stays deserve more than a generic rental. The home is built around the rhythms of real life, so working, cooking, gathering, and unwinding each have somewhere to happen. Four furnished bedrooms sleep everyone comfortably on Sleep Number beds, a fifth room is a genuine private office, and three renovated full bathrooms keep mornings from turning into a queue. Beyond that there is a kitchen made for shared meals, a massage chair and treadmill for the end of a long day, and a fully fenced yard with two decks for the hours in between. Start with coffee and a glimpse of the lake, then come back to it all evening.

WHAT WE VALUE

This is a single home, cared for by the people who own it, not one listing in a large portfolio. Every decision reflects that: three fully renovated bathrooms, a refreshed kitchen with LG Signature appliances, Sleep Number beds in every bedroom, and a real workspace with a standing desk and dual monitors rather than a laptop balanced on the dining table. The things you should never have to think about are handled too. Keypad entry works at any hour, 2 Gbps internet holds a video call, a 220V charger waits in the garage, and full laundry with an LG Styler makes a two-week stay feel as easy as a weekend. We stay out of your way, and we are always a message away.

Open-plan living, dining and kitchen on the main level.

THE EXPERIENCE

A home designed around the way you travel.

Generous gathering spaces make it easy to reconnect, while four furnished sleeping rooms and a separate office give everyone space to unwind or focus. Three renovated full bathrooms add comfort and convenience for families and groups. Begin the day with coffee and a glimpse of the lake, explore Seattle's Eastside, then return for a massage, a workout, a family meal, or a quiet evening outdoors.

01 Room to reconnect	02 Space to focus	03 Time to recharge
--	-------------------------------------	---------------------------------------

Comfortable living and dining areas create an inviting setting for shared meals, conversation, and downtime.

A bedroom converted into a private office keeps work separate from the home's shared living spaces.

An Osaki Kairos 4D massage chair, NordicTrack Commercial Series treadmill, 32-inch Arcade1Up Infinity Game Table, three TVs, private yard, and two decks make it easy to unwind and play.

HOW WE HOST · SAMMAMISH HOSTS WHO CARE

OWNERSHIP

Hosted by the owners

One home, cared for by the people who own it. Every renovation and amenity was chosen for guests.

SUPPORT

Always a message away

We respect your privacy and stay out of your stay, but we answer fast. Message or call any time.

ARRIVAL

Arrive on your own time

Keypad entry at any hour, garage and driveway parking, and a 220V Tesla and EV charger ready.

WHAT WE OFFER · BUILT FOR COMFORT AND CONNECTION

Space to work

Dual 4K monitors, a standing desk, and 2 Gbps internet in a dedicated office, separate from the living areas.

Room to gather

Four sleeping rooms, three bathrooms, and shared spaces built for meals and conversation.

Time to recharge

Massage chair, treadmill, game table, two decks, and a private yard for year-round relaxation.

Welcome to Sammamish

A two-level home wrapped in shingle and lap siding, with an attached two-car garage, a fully fenced yard, and mature evergreens on a quiet residential street in northern Sammamish.

From the driveway

The two-car garage and driveway sit at street level, with the gated, fully fenced yard alongside and the front entry up the stairs to the right.

The approach

A quiet residential pocket between Redmond and Issaquah. Driveway parking sits right at the garage, and the exact address is shared with confirmed guests before check-in.

Two-car garage & EV charging

Attached covered parking with a 220V Tesla/EV charger (other vehicles may require an adapter). Keypad entry works at any hour, so you can arrive on your own time.

A peek-a-boo view of Lake Sammamish and the Olympic Mountains through the evergreens, from the primary bedroom and upper level of the home.

Peek-a-boo lake view

A glimpse of Lake Sammamish through the evergreens from the upper level of the home.

Evening light on the lake

Begin the day with coffee and a glimpse of the lake, and end it watching the light fade over the water.

PRIVATE OUTDOOR LIVING

Outdoor space like this is rare in the area.

A fully fenced, level, all-season backyard is hard to come by in this part of Sammamish. Here you get premium synthetic turf that stays green through the wet months, two decks, and a wall of towering Green Giant arborvitae that screens the yard on every side and rises past the second story, so the windows on both floors look out onto evergreen rather than neighbors.

Green Giant privacy screen

Dense, evergreen arborvitae on every side of the yard, year-round.

Scenic from both floors

Upstairs living, dining, and kitchen windows and the garden-level bedrooms all look into the trees.

Synthetic turf, every season

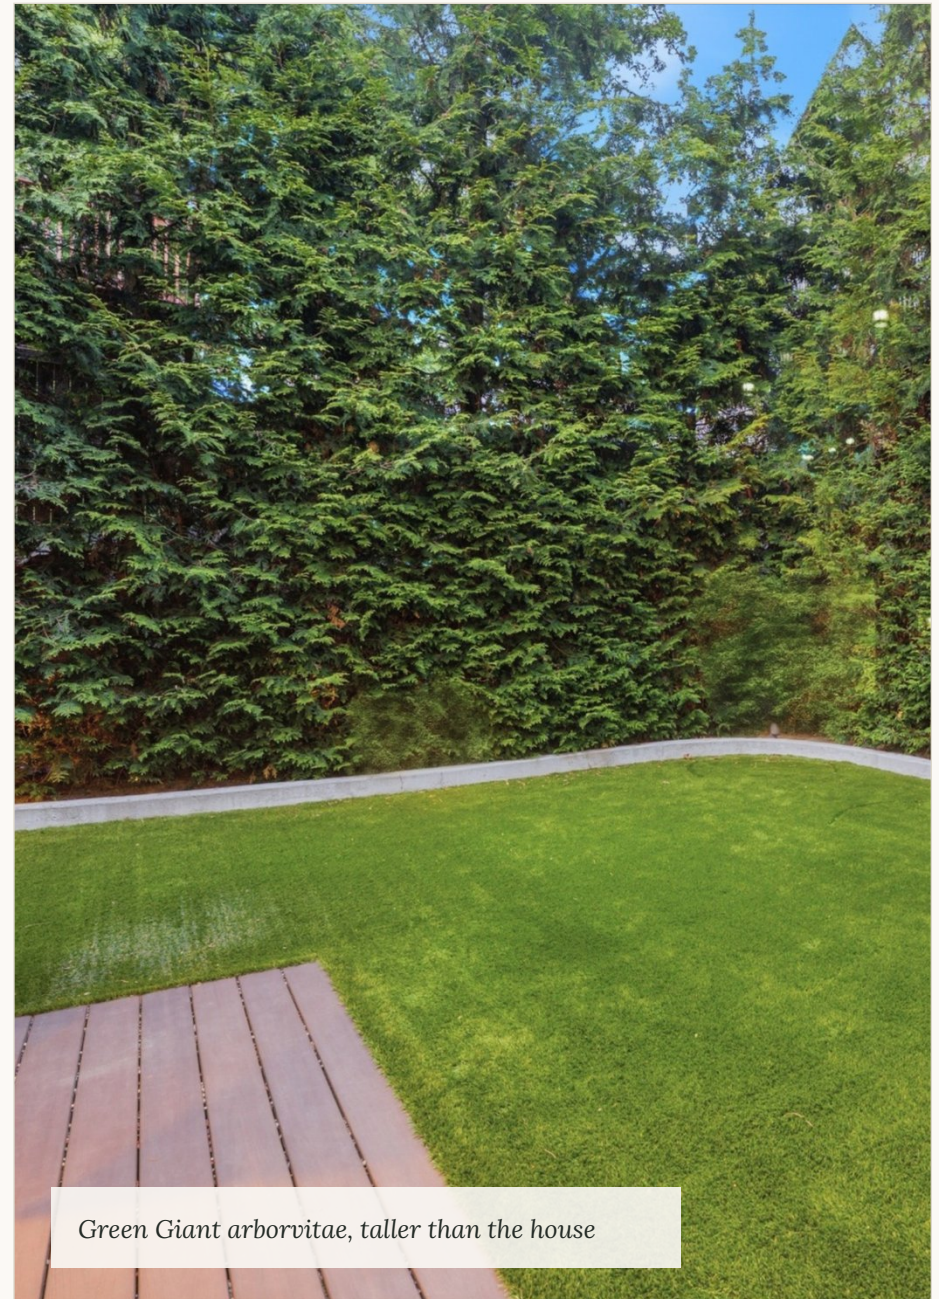

Green, flat, and mud-free in January or July, with no mowing and no muddy shoes.

Two decks

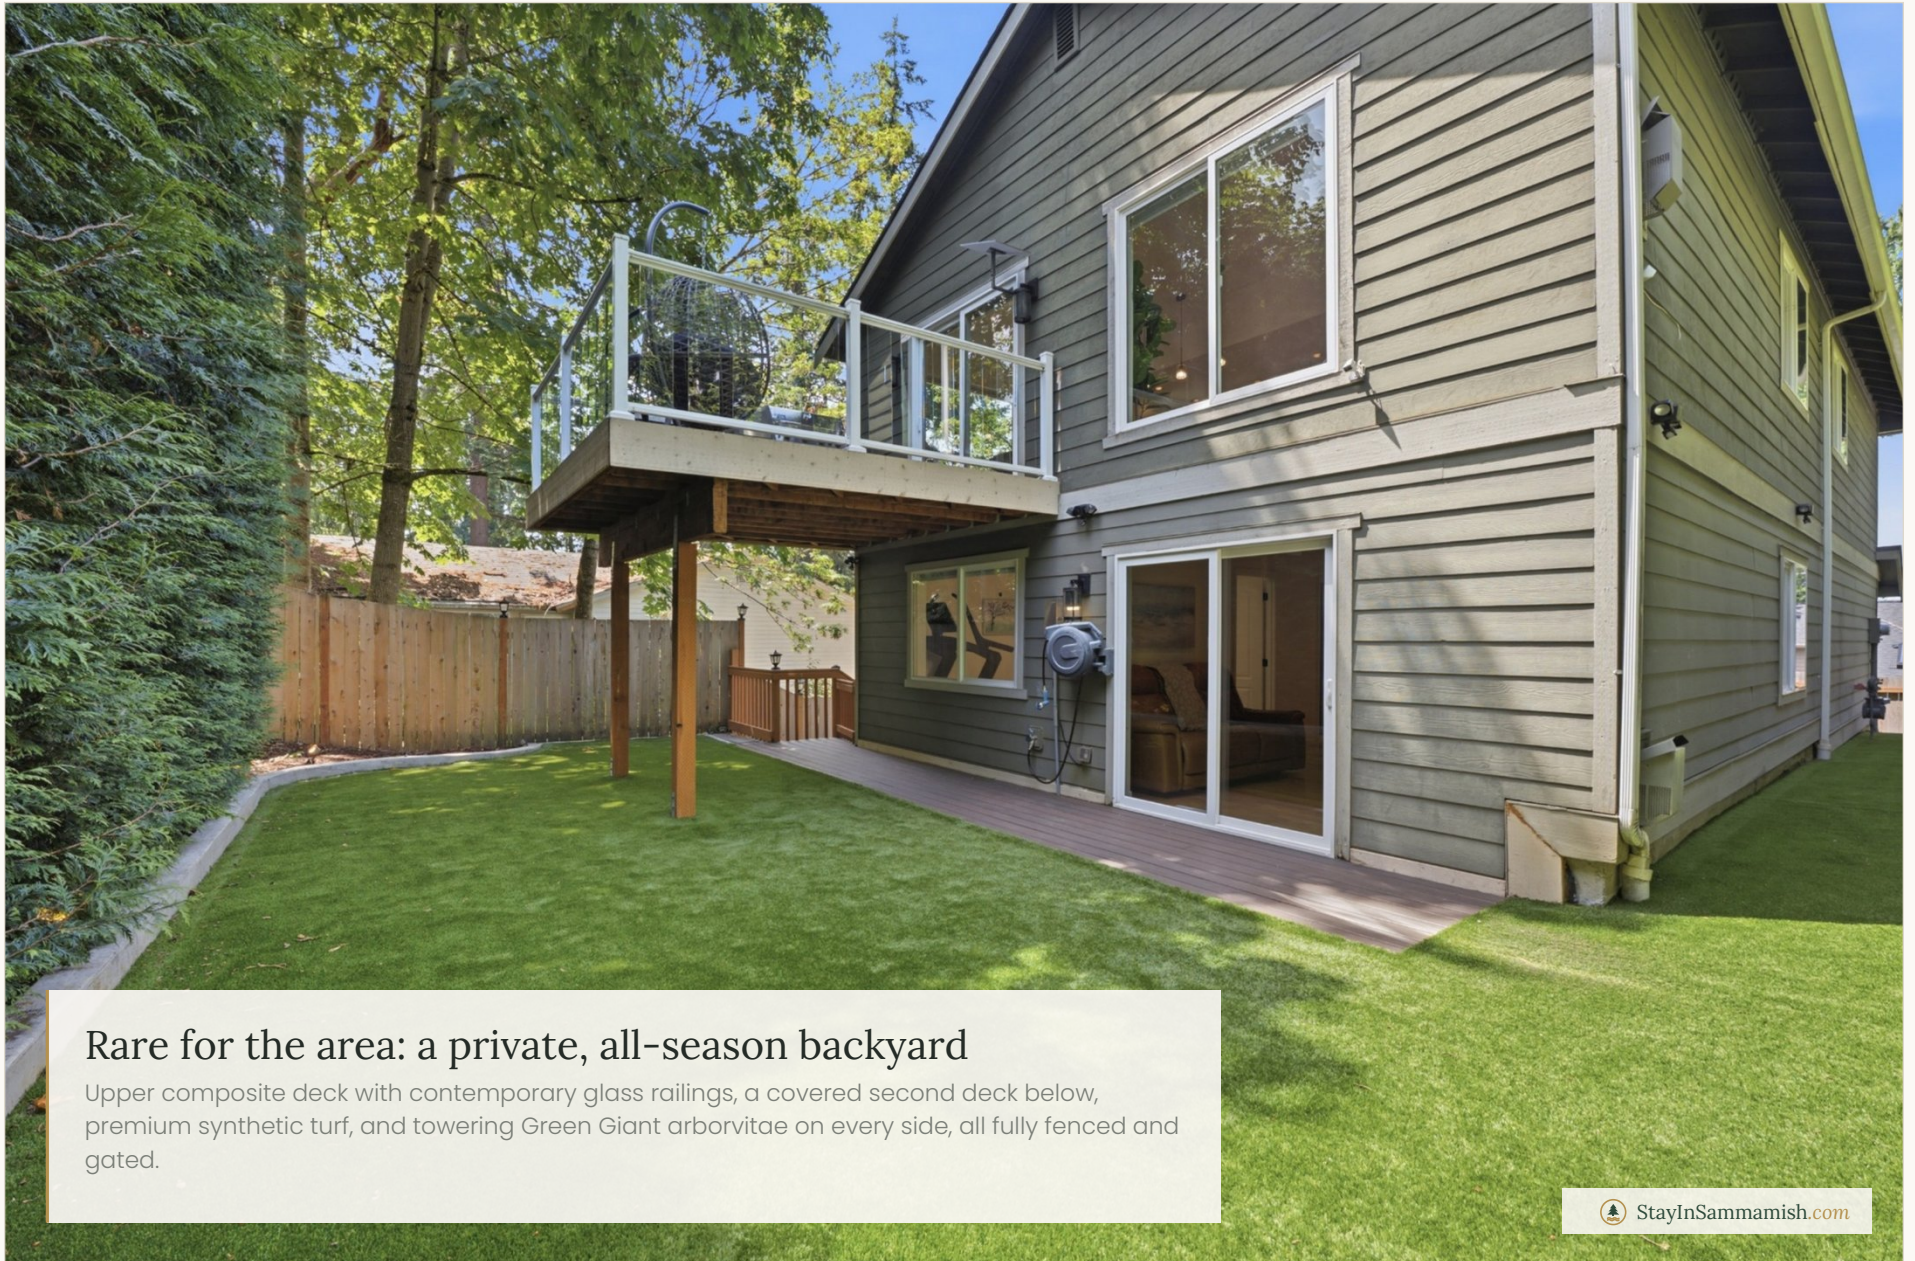

An upper composite deck with glass railings and Weber grill, plus a covered lower deck for rainy days.

Fenced, gated, and lit

Cedar fencing, gated access, and landscape uplighting for evenings outside.

Green Giant arborvitae, taller than the house

Rare for the area: a private, all-season backyard

Upper composite deck with contemporary glass railings, a covered second deck below, premium synthetic turf, and towering Green Giant arborvitae on every side, all fully fenced and gated.

Synthetic turf, usable year-round

Premium synthetic turf stays green, flat, and mud-free through the Pacific Northwest's wet months, so the yard is ready for play, yoga, or a barbecue on any day of the year.

Covered lower deck

A sheltered spot beneath the upper deck for morning coffee or fresh air on a rainy day.

PRIVATE OUTDOOR LIVING

Upper composite deck with contemporary glass railings and backyard views · Covered second deck for outdoor dining and relaxed conversation · Outdoor Weber grill available for guest use · Premium synthetic turf, green and usable year-round · Green Giant arborvitae privacy screen on every side · Landscape lighting for a warm evening atmosphere. Morning coffee. Family BBQs. Quiet evenings under the PNW sky.

The Green Giants are the view from inside, too: an evergreen backdrop from the windows on both floors.

From the main floor

The living room's picture window frames the Green Giants, and the same evergreen backdrop fills the dining room and kitchen windows upstairs.

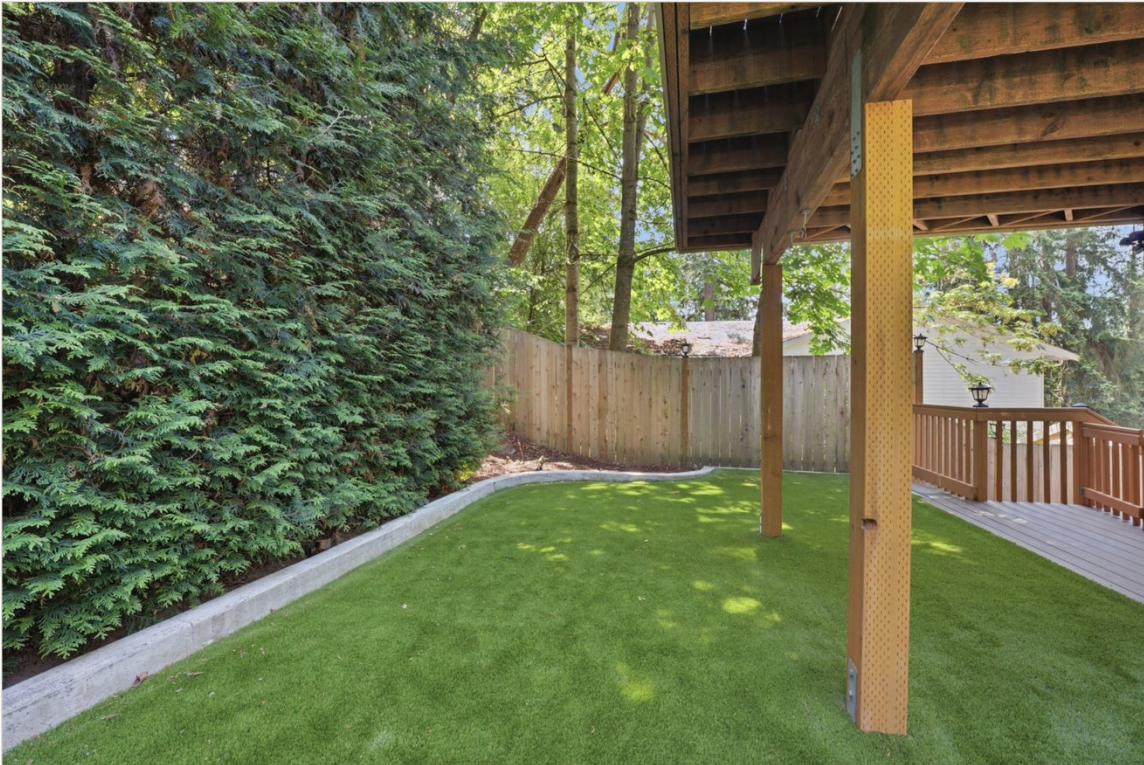

From the lower level

The family room's sliding doors open straight onto the turf with the Green Giants filling the view; the garden-level bedrooms and office look into the same hedge.

GREEN GIANT ARBORVITAE

Fast-growing, dense evergreen conifers planted as a living privacy wall around the entire yard · Taller than the second story, so upstairs and downstairs windows both look into greenery · Evergreen in every season, with landscape uplighting at night · Fully fenced and gated behind the trees for complete privacy

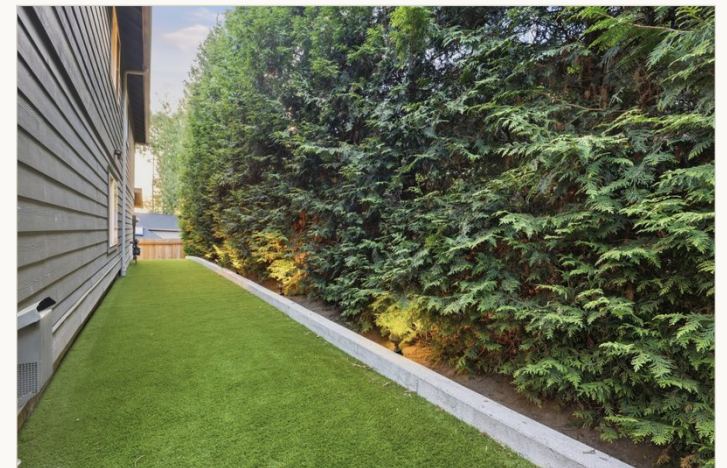

Room to play

The fenced, level yard wraps around the covered lower deck, with several places to gather outdoors, and no neighbors in view.

Green Giant privacy trees

A dense wall of Green Giant arborvitae wraps the yard and rises past the second story: complete privacy, evergreen in every season, and a scenic backdrop from the windows on both floors.

Landscape lighting

Uplights along the Green Giants turn the hedge into a glowing green wall after dark, with turf running the full length of the house.

Around the side of the house: turf, the fenced path from the front entry, and the lower deck.

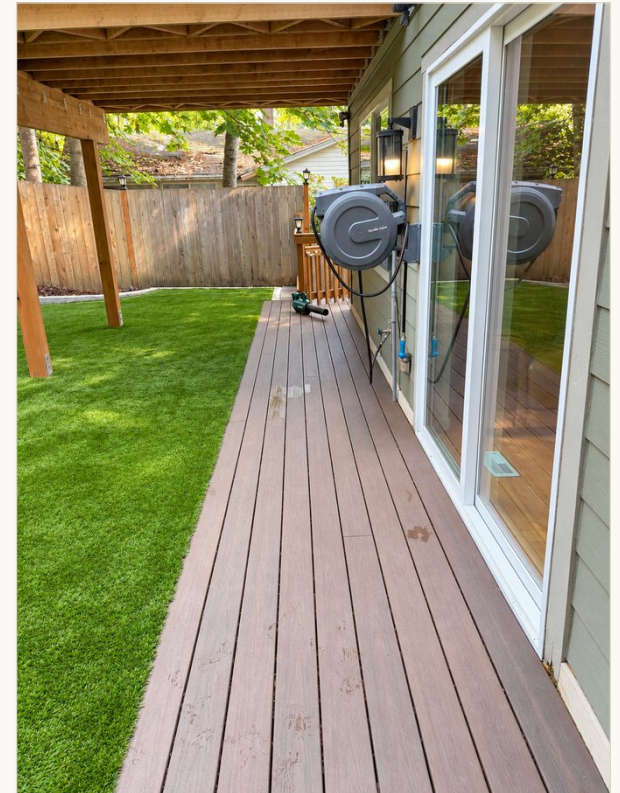

Turf along the side yard

Synthetic turf runs the full length of the house, edged by a concrete curb and the Green Giant hedge with its uplights.

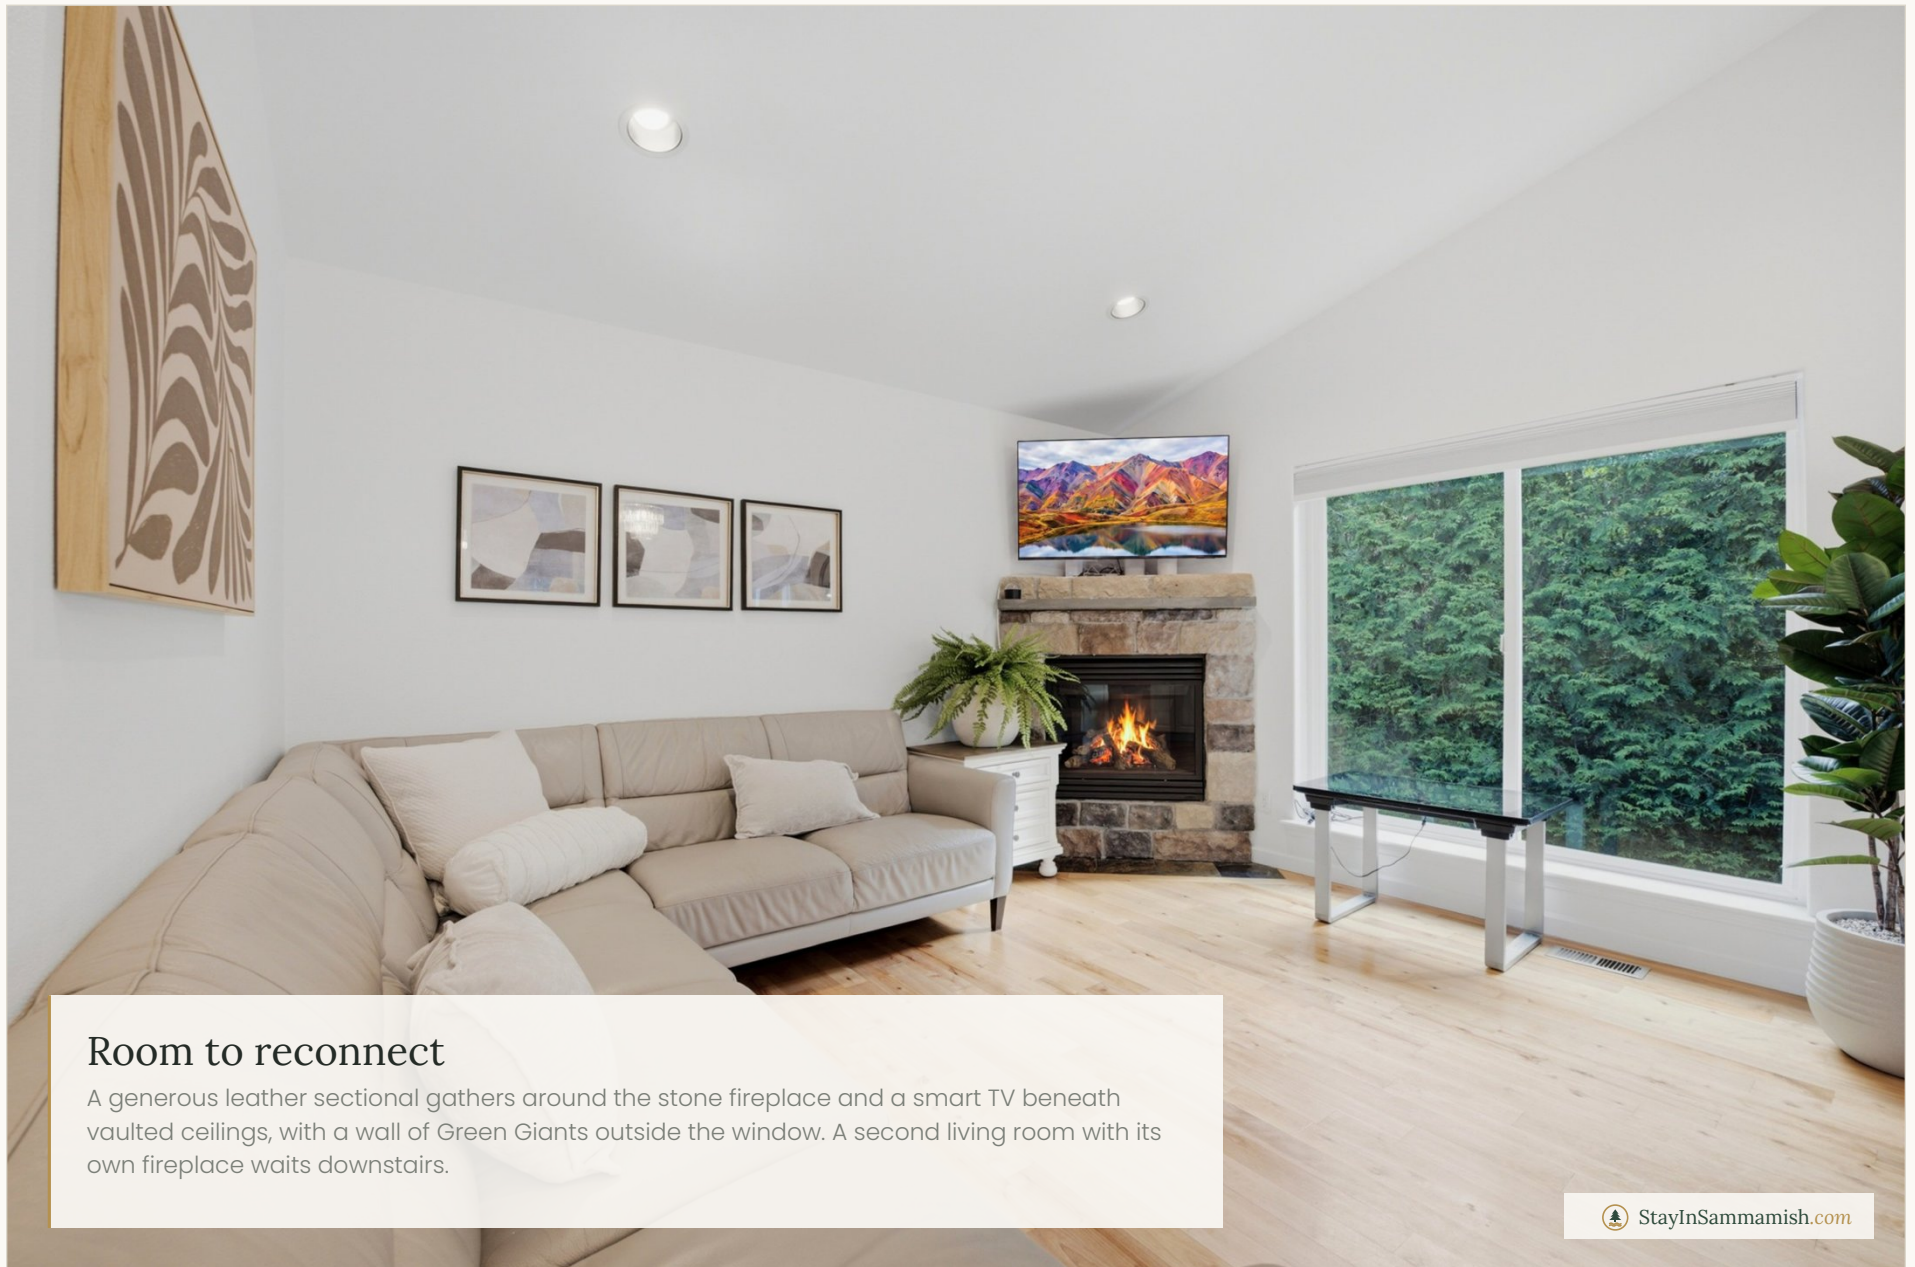

Path to the backyard

Composite stairs beside the front entry lead down a mulched, fenced side path to the backyard gate.

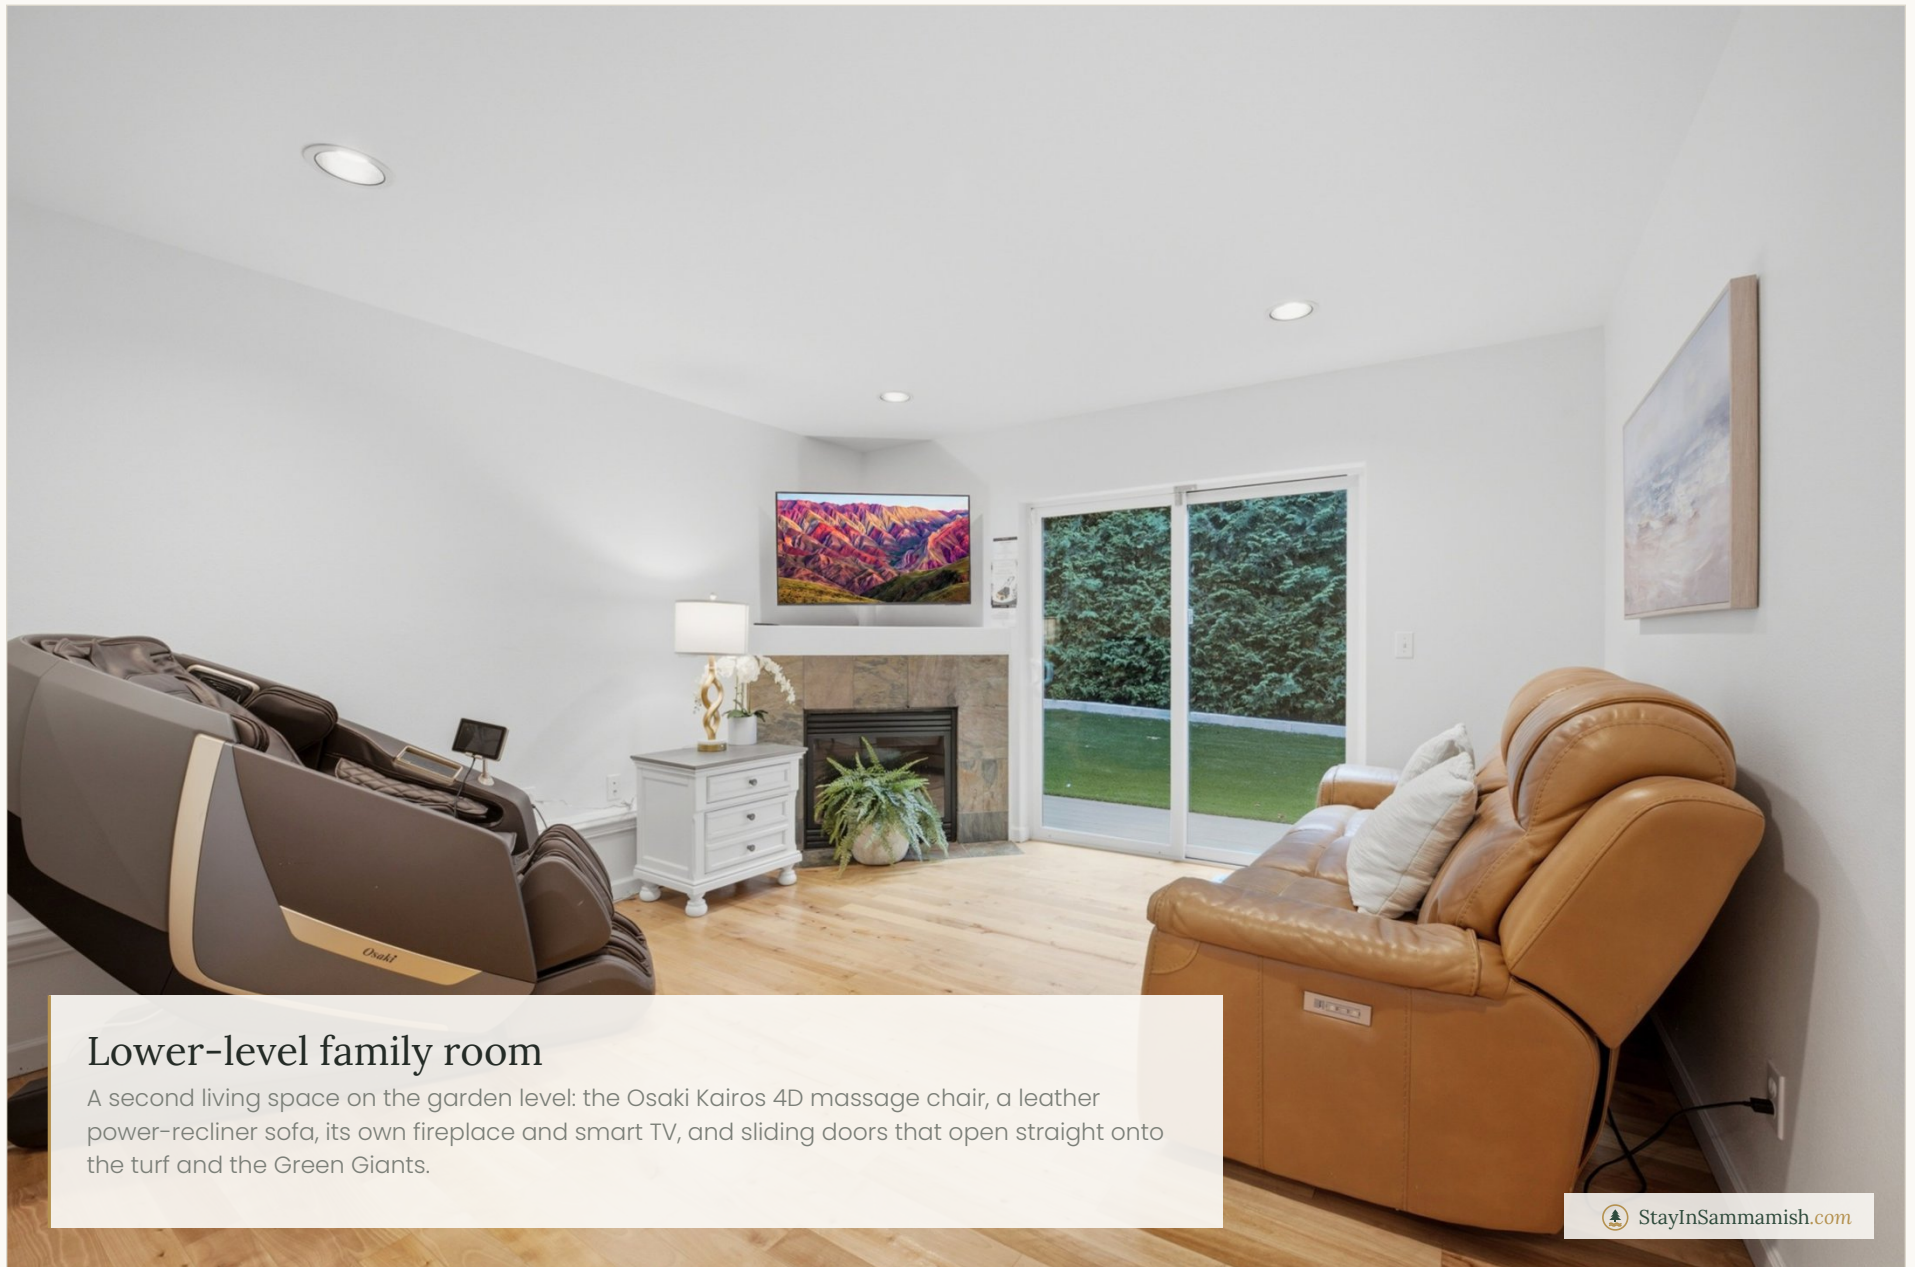

Lower deck detail

Composite decking along the sliding doors beneath the upper deck, with lantern lighting and a retractable hose reel.

Room to reconnect

A generous leather sectional gathers around the stone fireplace and a smart TV beneath vaulted ceilings, with a wall of Green Giants outside the window. A second living room with its own fireplace waits downstairs.

Lower-level family room

A second living space on the garden level: the Osaki Kairos 4D massage chair, a leather power-recliner sofa, its own fireplace and smart TV, and sliding doors that open straight onto the turf and the Green Giants.

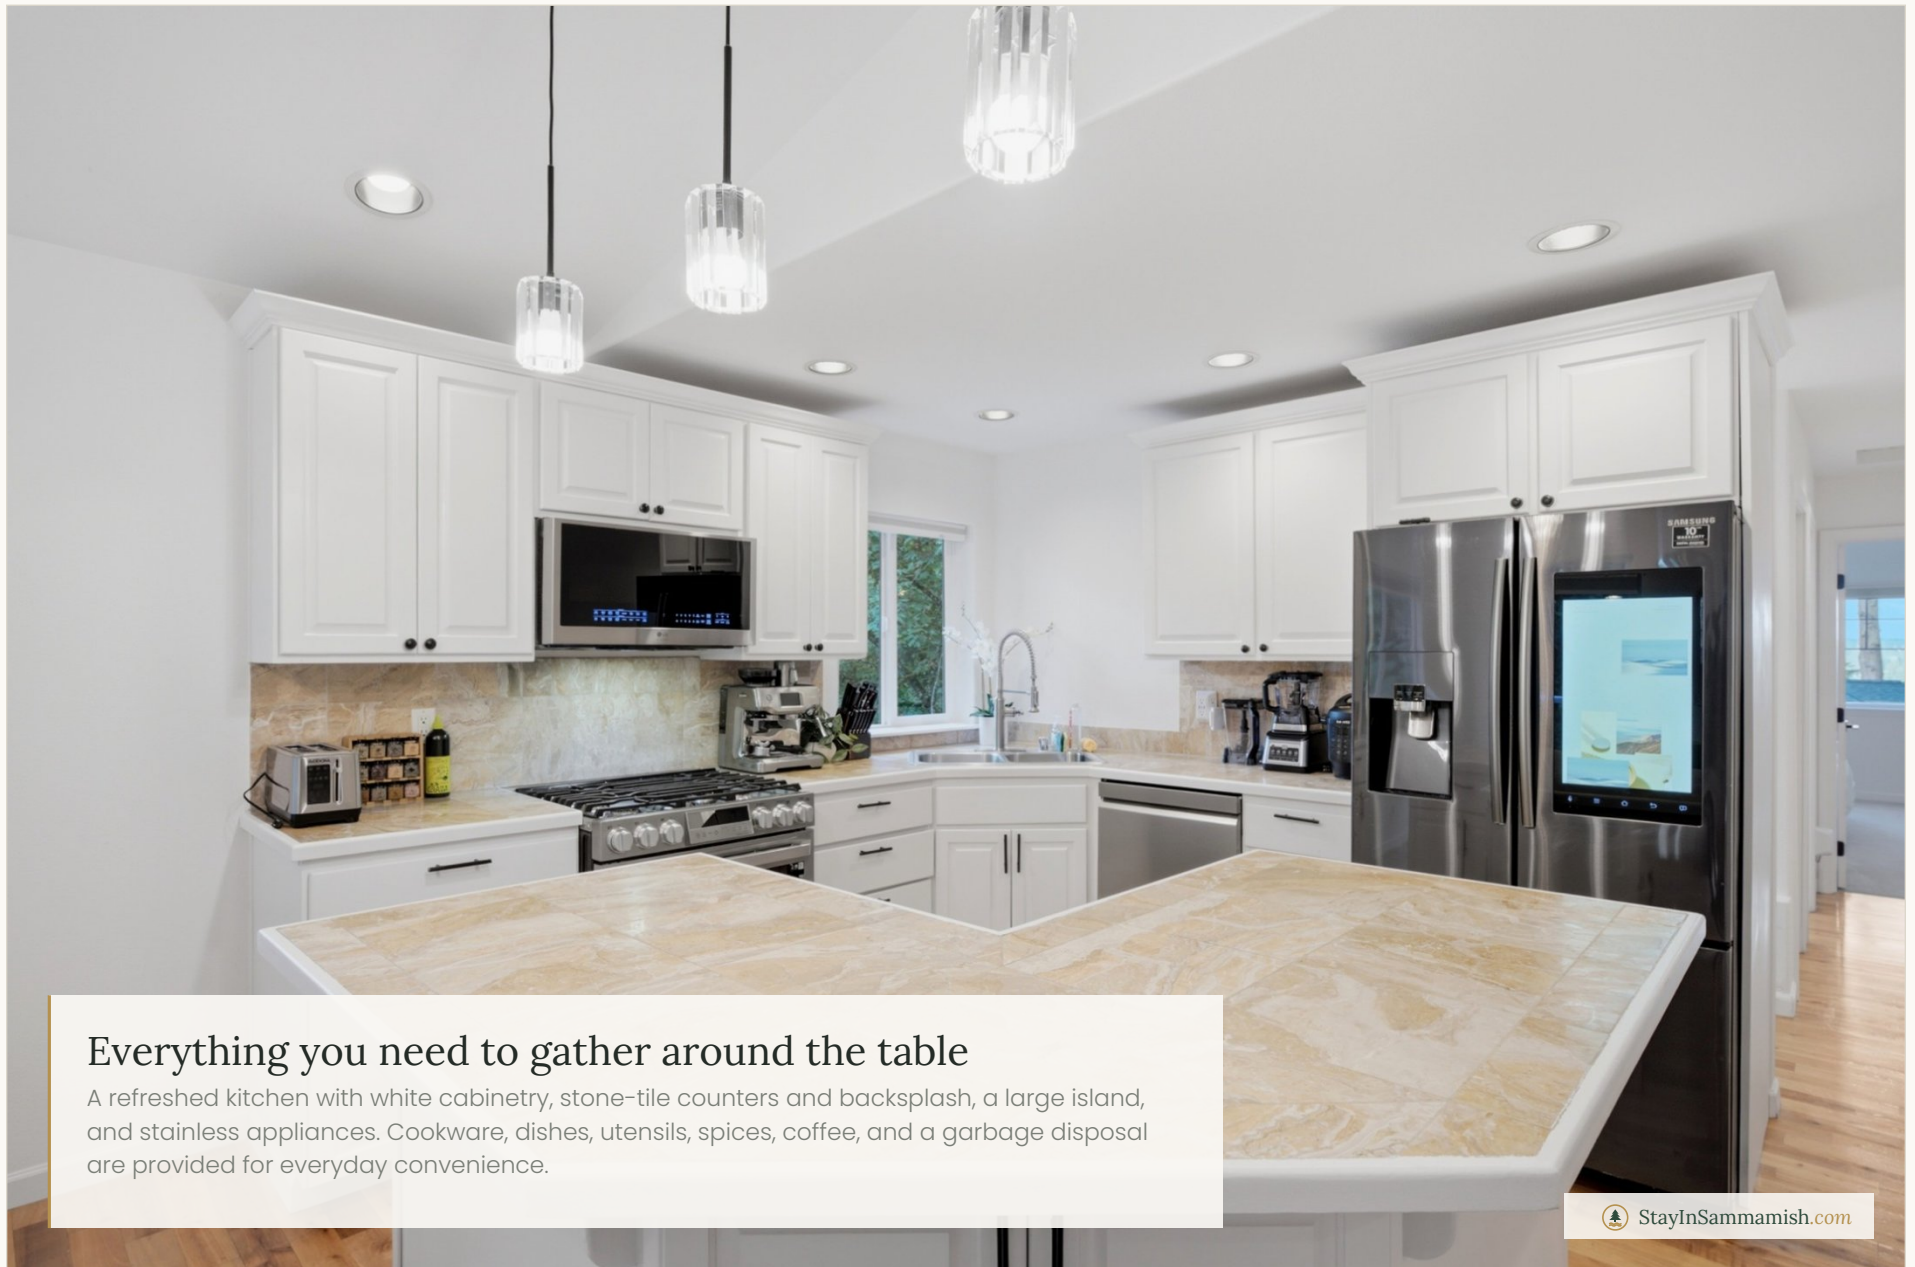

The dining room

A table for the whole group under a crystal chandelier, with sliding doors onto the upper composite deck and the Weber grill. The Arcade1Up Infinity Game Table sits by the picture window for game night.

Kitchen and dining, together

The angled island opens straight onto the dining table, so whoever is cooking stays part of the conversation.

Everything you need to gather around the table

A refreshed kitchen with white cabinetry, stone-tile counters and backsplash, a large island, and stainless appliances. Cookware, dishes, utensils, spices, coffee, and a garbage disposal are provided for everyday convenience.

Cooking with a view

Treetop views from the windows on both sides of the kitchen, with the double-oven range at center stage.

Open to the main level

Hardwood floors run from the kitchen down the hall to the rest of the main floor.

KITCHEN AND DINING

The refreshed kitchen features LG appliances, including a double-oven range, dishwasher, and microwave, with a refrigerator and ice maker. Cookware, dishes, utensils, a coffee machine, coffee grinder, toaster, blender, rice maker, spices and pantry items, wine glasses, and a garbage disposal are provided for everyday convenience.

LG double-oven range

Five burners and two ovens for shared meals, with the LG over-range microwave above.

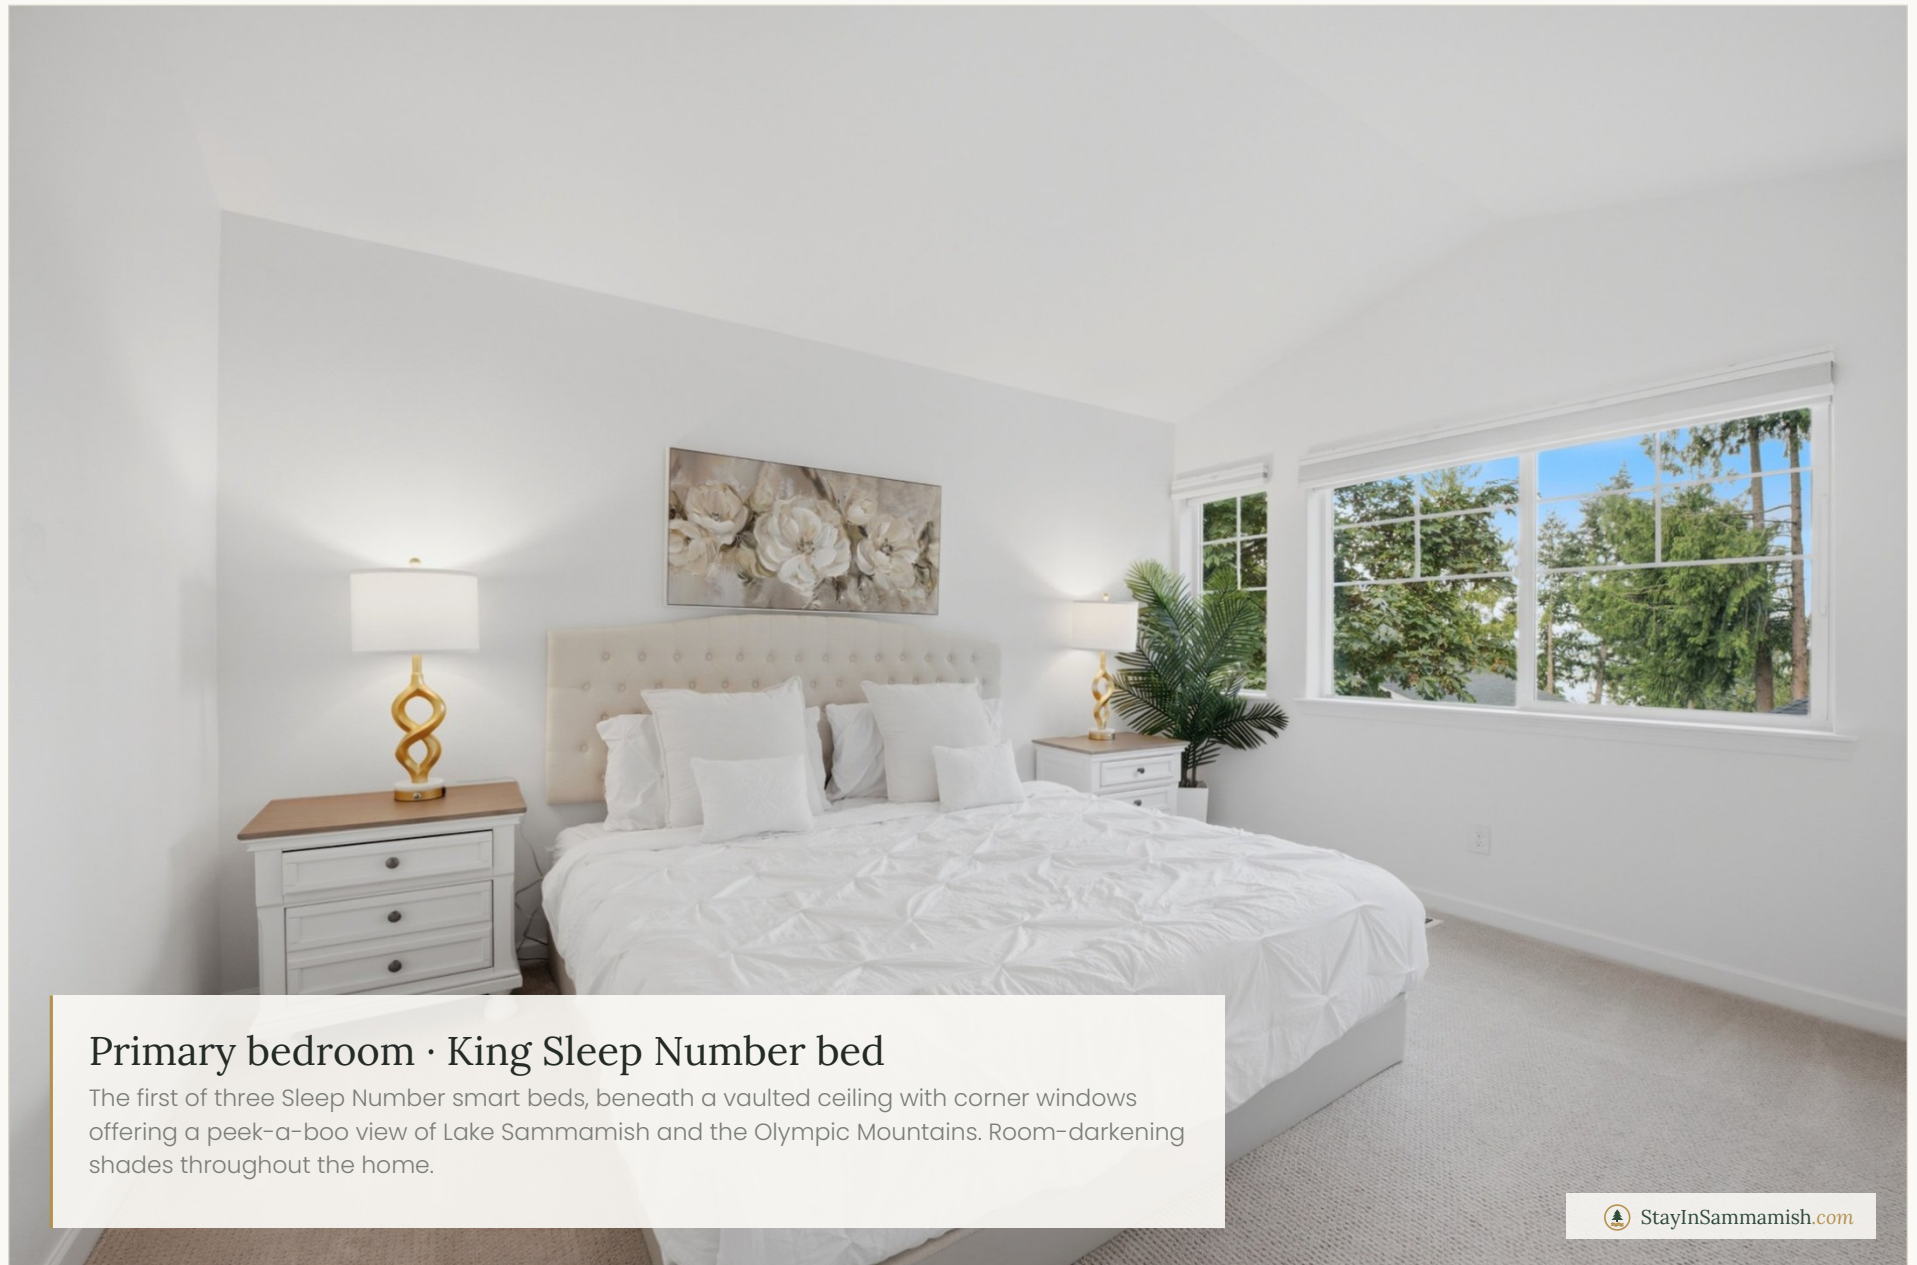

The coffee bar

Breville Barista Touch espresso machine, toaster, and a stocked spice rack.

Sink, dishwasher & fridge

Pull-down faucet, dishwasher, blender and small appliances, plus a large refrigerator with ice maker.

Primary bedroom · King Sleep Number bed

The first of three Sleep Number smart beds, beneath a vaulted ceiling with corner windows offering a peek-a-boo view of Lake Sammamish and the Olympic Mountains. Room-darkening shades throughout the home.

Four bedrooms plus an office/gym, three full bathrooms, and four beds, three of them Sleep Number smart beds.

Second bedroom · Full-size Sleep Number bed

Adjustable-firmness Sleep Number bed, a glass-paned French door, and a window onto the Green Giants.

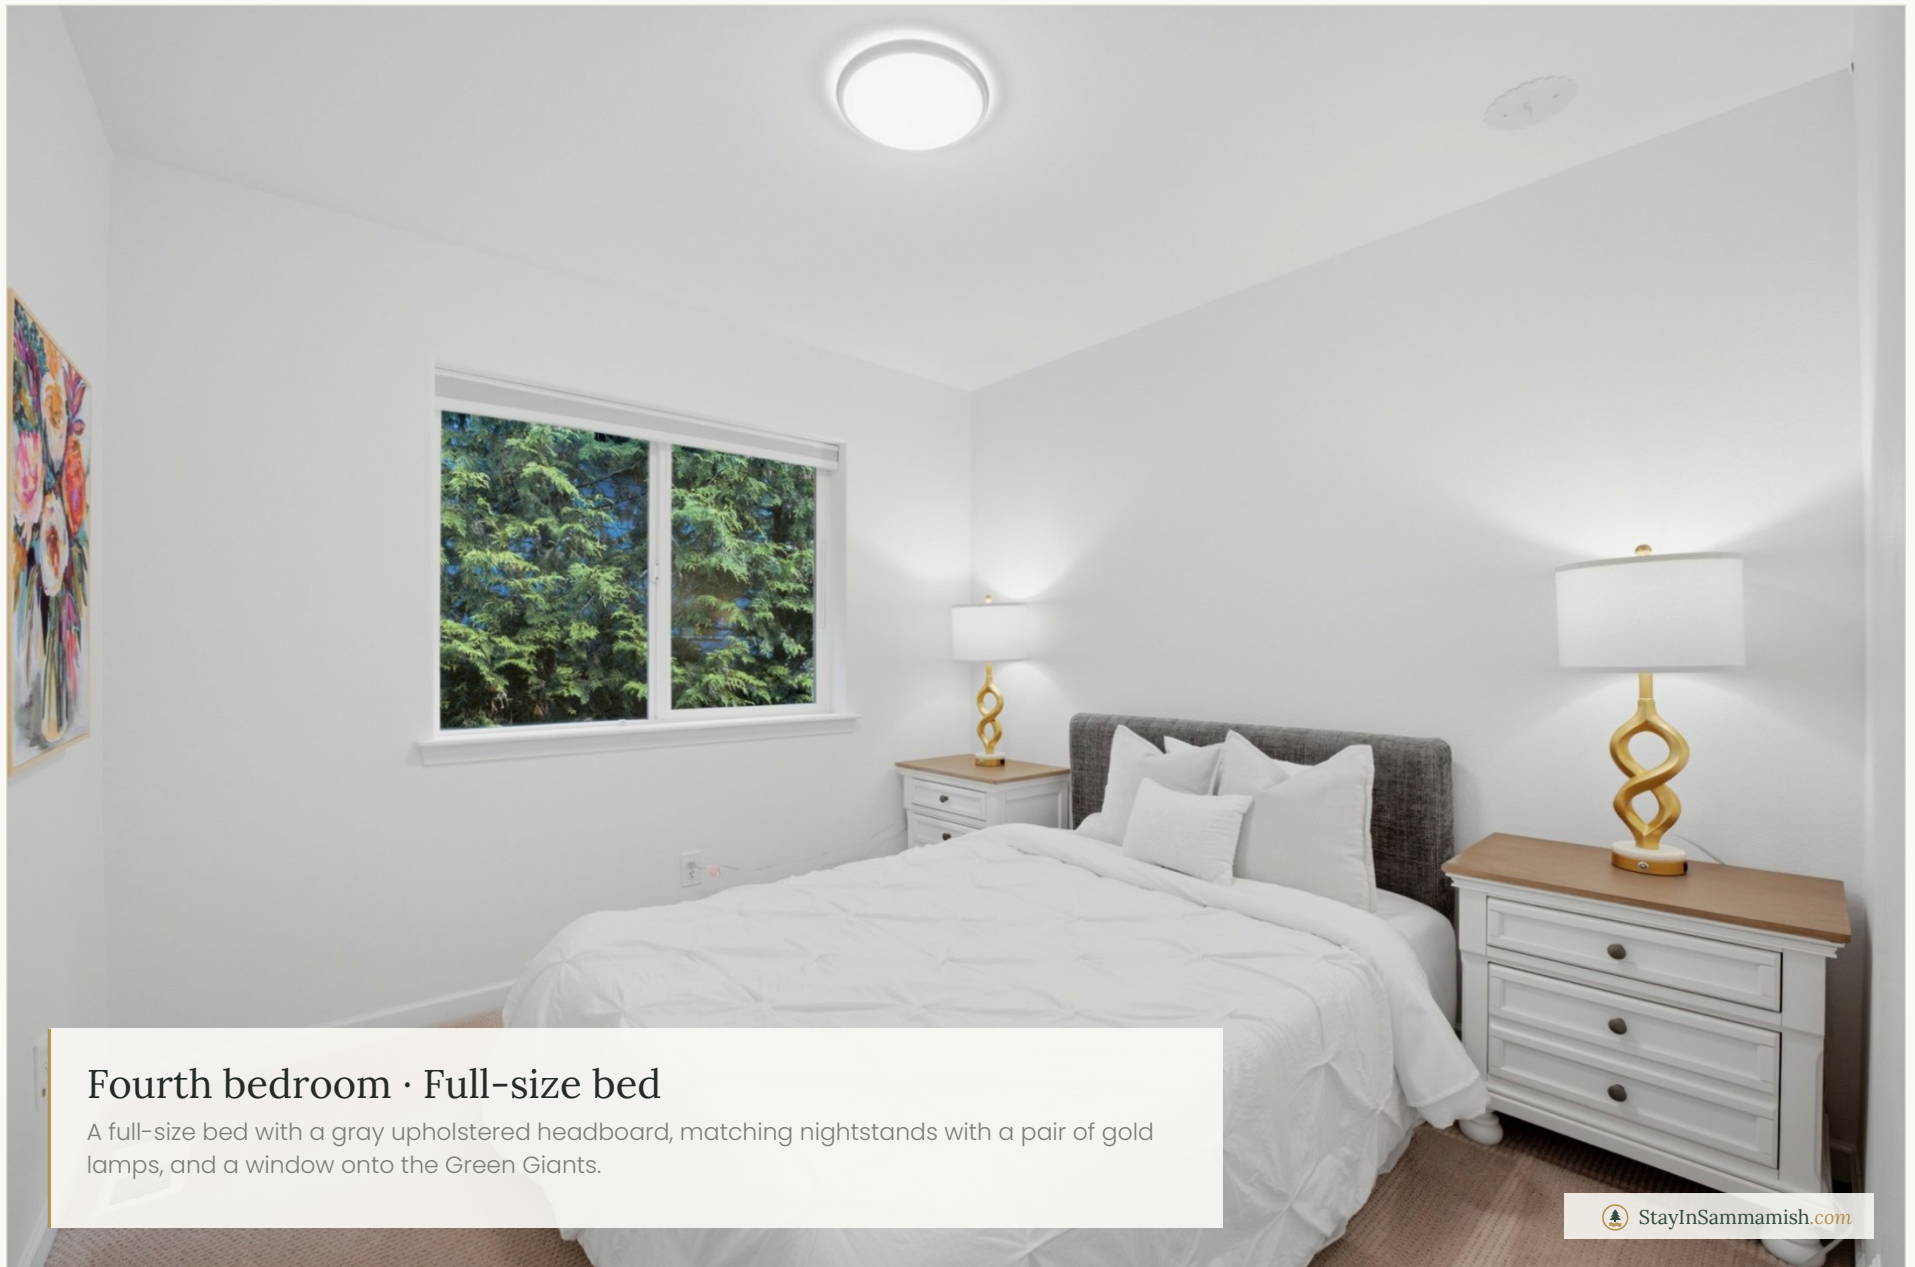

Third bedroom · Twin Sleep Number bed

Sleep Number twin with a work desk and closet, ideal for a solo traveler or a student.

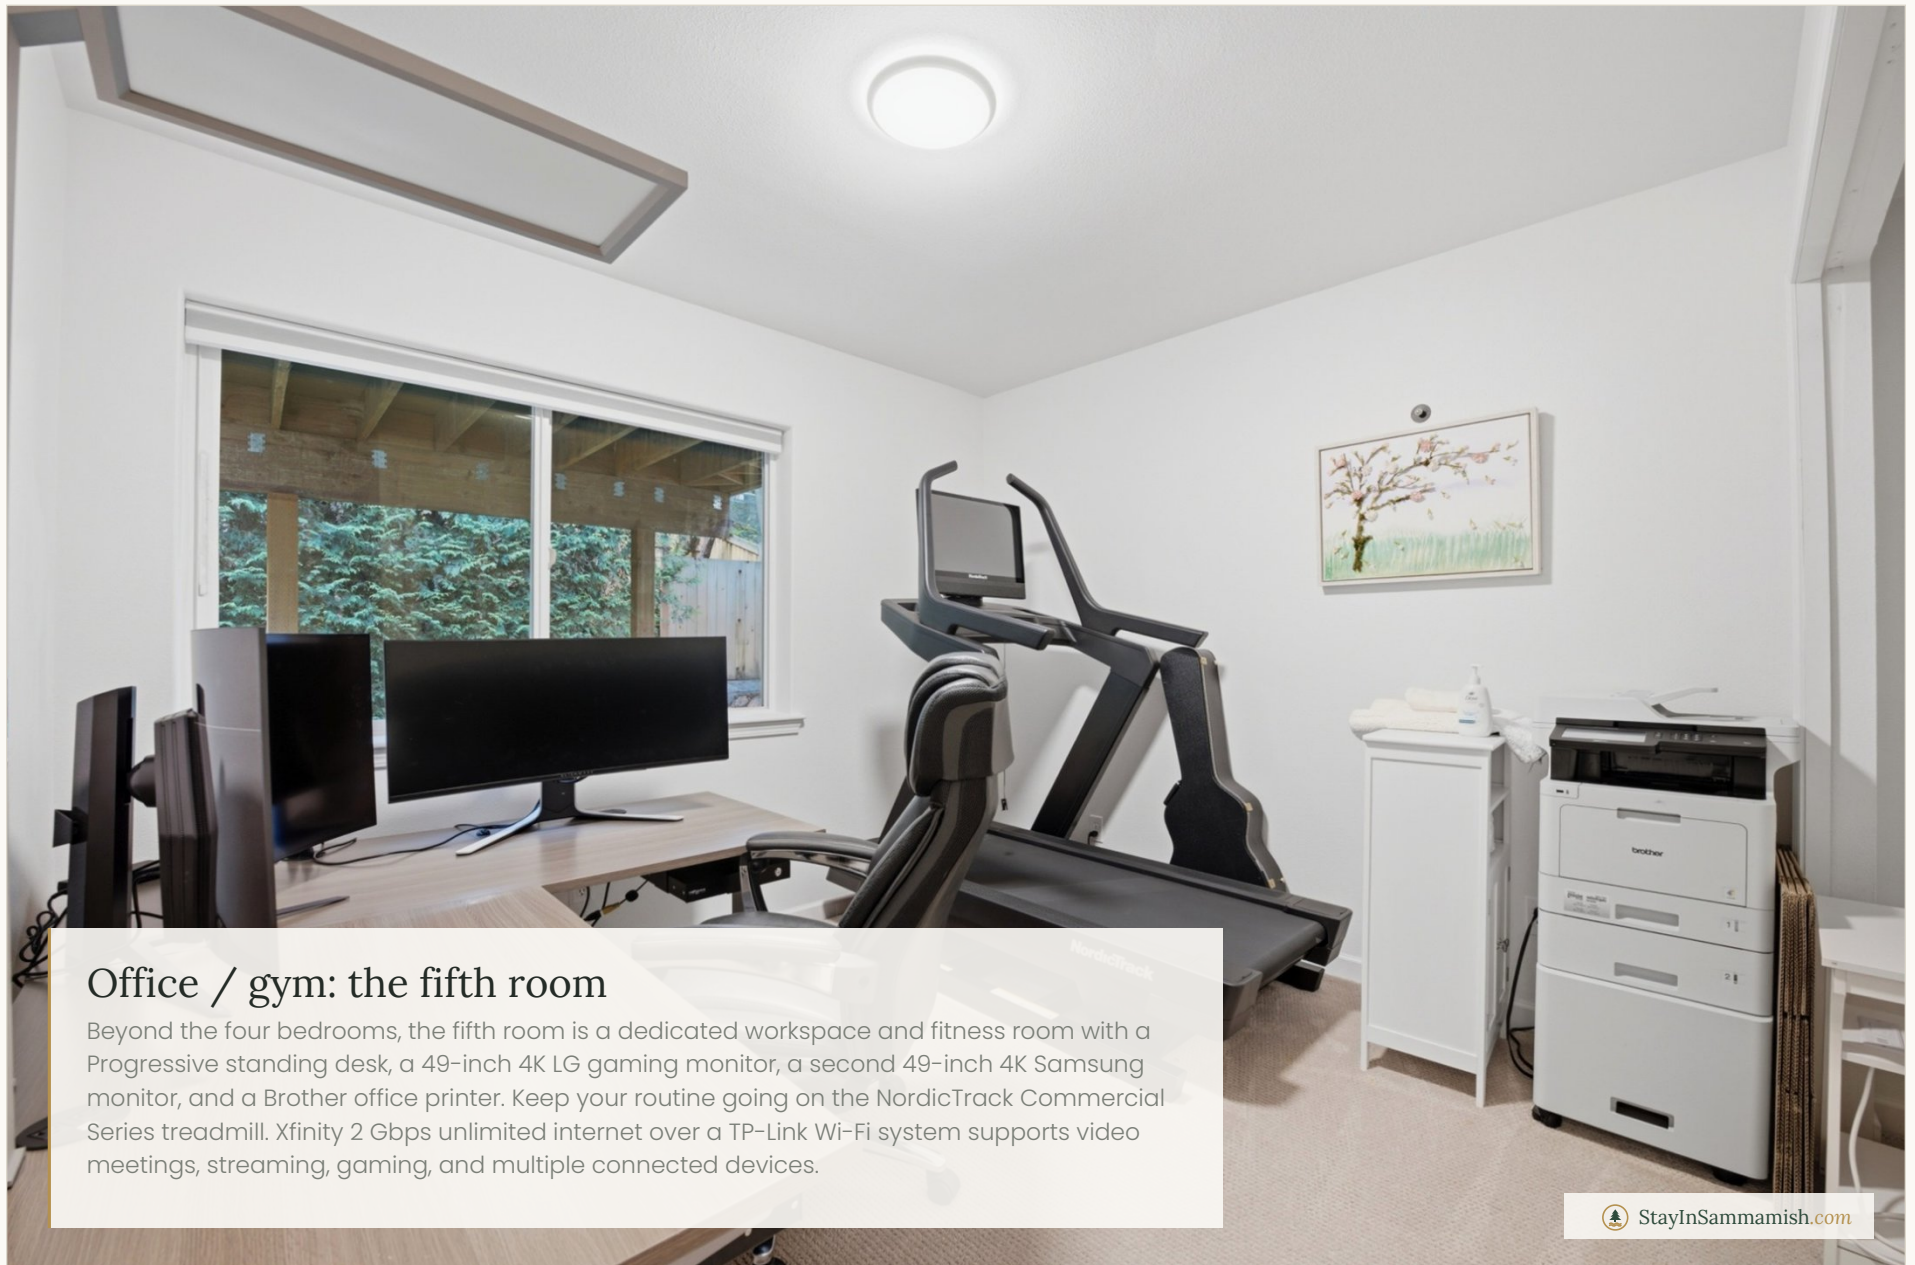

SLEEP NUMBER BEDS IN THREE OF THE FOUR BEDROOMS

Each Sleep Number bed lets guests set their own firmness on each side, so couples and light sleepers both rest well. Primary: King Sleep Number with the peek-a-boo view · Second: Full-size Sleep Number · Third: Twin Sleep Number with a desk · Fourth: Full-size bed with upholstered headboard · Fifth room: dedicated private office · Three renovated full bathrooms

Fourth bedroom · Full-size bed

A full-size bed with a gray upholstered headboard, matching nightstands with a pair of gold lamps, and a window onto the Green Giants.

Office / gym: the fifth room

Beyond the four bedrooms, the fifth room is a dedicated workspace and fitness room with a Progressive standing desk, a 49-inch 4K LG gaming monitor, a second 49-inch 4K Samsung monitor, and a Brother office printer. Keep your routine going on the NordicTrack Commercial Series treadmill. Xfinity 2 Gbps unlimited internet over a TP-Link Wi-Fi system supports video meetings, streaming, gaming, and multiple connected devices.

Soaking tub & separate shower

One of three fully renovated bathrooms, with a deep soaking tub, walk-in shower, stone-look counters, and a lighted mirror.

Full bathroom

Marble-look tile, a lighted medicine-cabinet mirror, and a tub-shower combination.

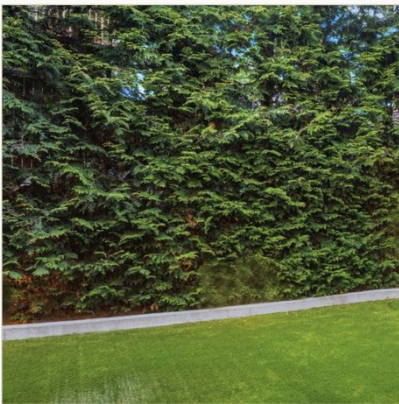

Laundry & garment care

LG washer and dryer tower plus an LG Styler steam closet to refresh clothing between wears. Iron and board provided.

PRIVATE OUTDOOR LIVING

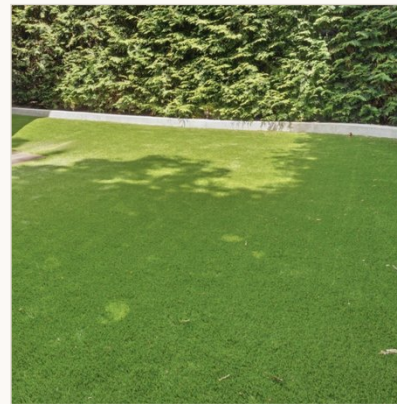

The backyard is the amenity.

Level, fenced, evergreen-screened, and usable in every season: the outdoor space is what makes this home different from most rentals on the Eastside.

Green Giant arborvitae privacy screen

A living wall of Green Giants wraps the yard and rises past the second story, giving complete privacy and a scenic evergreen backdrop from the windows on both floors.

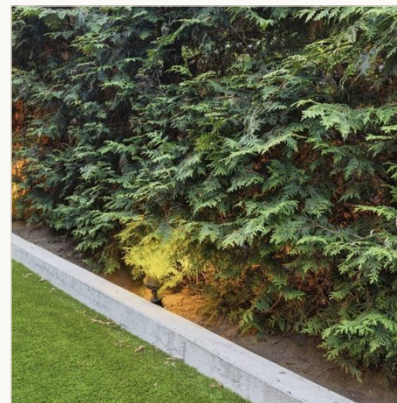

Premium synthetic turf, year-round

Green, flat, and mud-free in every season. No mowing, no muddy shoes, and a soft surface for kids' games, stretching, or a picnic on the grass.

Two decks

The upper composite deck has contemporary glass railings, hanging chairs, and the Weber grill; the covered lower deck stays dry for coffee on a rainy morning.

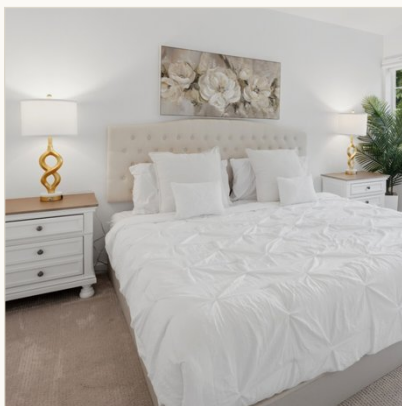

Fenced, gated, and lit

Cedar fencing with gated access encloses the whole yard, and landscape uplighting along the hedge makes evenings outside feel like a garden restaurant.

SLEEP, WELLNESS & PLAY

Rest well, then play hard.

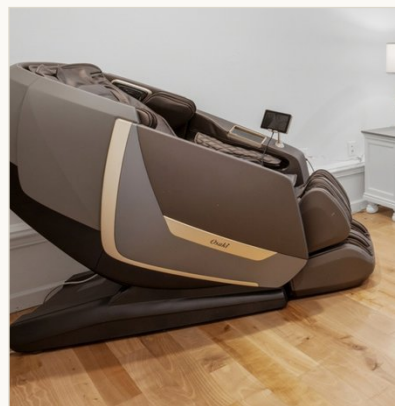

The comforts guests mention most: smart beds for every sleeper, a massage chair and treadmill for the end of the day, and a game table that turns family night into an event.

Sleep Number smart beds

Three Sleep Number beds, a king, a full-size, and a twin, let each guest set their own firmness. The fourth bedroom has a full-size bed.

YOUR EASTSIDE HOME BASE

Close to the energy. Removed from the noise.

Our home is in northern Sammamish, a leafy residential community between Redmond and Issaquah. It is an especially convenient base for visits to Microsoft and the greater Eastside, while still offering the calm, space, and scenery that make a stay feel restorative.

Spend the morning beside the lake, meet colleagues in Redmond or Bellevue, and return to a private retreat for dinner on the deck. A car is recommended for the easiest and most flexible experience.

THREE CITIES, ONE EASY STAY

Workdays, shopping days, and city days.

Redmond · about 10–15 minutes

Convenient for the Microsoft campus, downtown restaurants, Redmond Town Center, Marymoor Park, and light-rail connections across the region.

Bellevue · about 20–30 minutes

Head to downtown Bellevue for offices, polished dining, entertainment, and a broad mix of shops at The Bellevue Collection.

Seattle · about 30–45 minutes

Make a day of Pike Place Market, the waterfront, museums, stadiums, and neighborhood dining, then return to the space and quiet of the Eastside.

Exact location shared with confirmed guests

For guest privacy and property security, the precise street address and arrival instructions are provided to confirmed guests before check-in. Drive times are estimates under normal conditions; traffic, construction, weather, and seasonal demand can affect travel times.

NATURE CLOSE BY

Water, woods, and open sky.

Sammamish makes it easy to add fresh air to any itinerary, from a quick waterfront walk to a full afternoon of trails and paddling.

WATERFRONT

Sammamish Landing Park

A welcoming stretch of Lake Sammamish shoreline with beach areas, docks, a picnic shelter, swimming, fishing, and trail access.
