

Soon after moving to Texas in 2004, the founder of My Galveston Getaway purchased her (first) condo in Galveston. Her plan was to spend every weekend, holiday, and vacation in Galveston, but teenagers change your plans quickly. So, she started renting out her condo. Her condo was rented so much that she and her family were rarely able to come down to Galveston to stay there. To remedy the situation, she did what any logical person would do: she bought another condo. It was the same story all over again. This is how Cathie came to own three of the condos in the My Galveston Getaway portfolio. During this time, other owners began to ask her to manage their properties. After her children left for college, Cathie moved to Galveston full-time and obtained her Texas Real Estate License, required to manage property in Texas. In spring of 2012, My Galveston Getaway was born. The running joke with her contractors was “how long until you rent your house out, too?” That hasn’t happened. She resides happily in mid-town in a 1950’s built home.
