The Bethel Inn & Country Club golf course is also close by and worth checking out. They do lessons for both adults and children. [More info here](#)

It is tempting to hit balls from the course after hours or from our house toward the course, however, that is not permitted. The Golf Club has asked me to remind you that the golf course is private property and may not be used for any golfing privileges at any hour without a paid tee time. Thanks. You may walk the golf course after hours, but be sure never to go on the course during business hours for safety reasons. A flying golf ball is very dangerous. There is a path from the tree house to the the golf course.
